

Mission's Report

My hope and intention is that when we move back to Oasis Christian Centre is that missions will take a much higher profile. I must admit I have not been able to give missions the input it thoroughly deserves. It's planned to have a designated notice board and/display information area in the new building.

There are and will be many opportunities for mission both home and abroad, I know Pastor Robin want's everyone to be able to share in these opportunities.

Missions can be challenging but great fun, they not only make a difference to others lives but they are able to make a huge and positive difference to your own outlook and perspective.

In the Field

In Kenya Terry and Judy Mott as you probably know are at Hope and Kindness orphanage. The excellent work they do is to be admired, many of you support their work with love, care and finance. Terry and Judy are always looking for more individuals with an interest and heart for their work to contact or support them, please see the details printed. Pastor Robin is a trustee and chair of Hope and Kindness and works very closely with Terry and Judy . He is able to show you a greater insight into their ministry, he also knows the criteria for those who would wish to go and help with the work (short or long term) at Hope and Kindness.

Our links with Bob and Edith McDonald are still close and a Romania trip is planned for April/May to help with building work, it should be said that this trip is dependent on Bob's health, please pray for his healing and recovery. This trip will be a bit of a **Dads Army** affair given that all with the exception of one will be age 50 or over! This I must say is not our usual type of team; in the past there has been a broad mixture of ages and gender.

As with Kenya there is much to do in Romania and all skills and gifting's are needed, everyone has something to give or impart.

In Malaysia Dr. Chin continues to lead a medical team on a once a month basis to the villages surrounding Kuala Lumpur, the progress is slow but positive. Please pray for the team as they minister in this predominantly Muslim country.

Please bring your mission globes to the Sunday Morning services on the first Sunday of each month, each penny is able to make a big difference to a life.

If you have any queries about missions please contact myself, mission details are available at Birchensale school each week on the information table.
